1. Can you please provide a description of the responsibilities of the Quality Control Systems Manager?

ANSWER: The Quality Control Systems Manager is the same as the Contractors Quality Control Manager. See specification 01451 page 2 for the description of duties.

2. Are we correct in assuming that the Quality Control Manager reports directly to the Government? What is the nature of his relationship with the Project Manager?

ANSWER: The Quality Control Manager is the final point of contact and reports directly to the government in matters of quality of work. The Quality Control Manager works under the Project Manager.

3. Are we correct in assuming that the costs for the ITR Team should be covered within the direct construction costs of the work?

ANSWER: The cost for the ITR Team needs to be covered under the project cost. Their duties are mainly required during the design phase, therefore the associated cost for the ITR Team should be under the design cost.

4. May we clarify that you require the form 1442 as well as the price proposal summary as amended in amendment number 3, both in original form and one copy inside a sealed envelope? Is this in addition to the six copies of same to be bound within Volume 2 of the offer? Is volume 2 required to be one binder with six copies of the price proposal or six binders including six copies in each of the price proposal?

ANSWER: Form 1442 is to be submitted in Volume 1. The price proposal is submitted under Volume 2. The submission requirements for Volumes 1 & 2 are six binders with one copy of the volume requirements in each binder.

=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5(a)(1)(ii)).

In the listing above, the "SU" designation means that rates

listed under that identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U. S. Department of Labor
200 Constitution Avenue, N. W.

Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review

Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

4.) All decisions by the Administrative Review Board are final.
